WORK EXPERIENCE

Fullstack Web Developer

Freelance

📅 2023 - Present

📍 Remote

- Leveraged keen attention to detail to create intuitive and visually appealing interfaces, enhancing user experience and engagement across various web projects.
- Spearheaded end-to-end project execution for web development, including UI/UX design with Figma, frontend development using React and Next.js, and backend development with tools like Strapi and Python with FastAPI.
- Demonstrated a proactive approach in taking full ownership of the development lifecycle, from initial client consultation to final deployment and maintenance, guaranteeing a high level of client satisfaction and project success.

Software Engineer

tsworks Technologies India Pvt Ltd.

📅 05/2022 - 06/2023

📍 Remote

- Contributed significantly as a key member of the backend software development team, specializing in REST API design using the FastAPI framework.
- Developed reusable code components and implemented Object-Relational Mapping (ORM) techniques for seamless interaction with databases.
- Orchestrated API interactions, optimizing internal processes for increased efficiency and reliability.
- Utilized AWS services such as AWS Lambda, CloudFormation, ECS, EC2 instances, Cloudwatch, API Gateway, and S3 bucket to implement various services.
- implemented services involving Azure services such as Azure Functions, Azure resource group, Azure KeyVault, and Storage accounts etc.
- Implemented automated testing using frameworks like pytest, ensuring comprehensive test coverage and reducing the occurrence of bugs.
- Designed and developed SQL queries to create new database tables and associated functions for developing APIs.

UI/UX Intern

Exposys Data Labs

📅 06/2021 - 07/2021. 2 mos 📍 Bangalore-India

- Conducted comprehensive user research and created case studies to inform design decisions for various projects.
- Mastered fundamental UI/UX design processes and best practices to create intuitive, visually appealing, and user-friendly products using the tools Figma and XD.
- Leveraged empathy, creativity, and problem-solving abilities to design and develop wireframes, prototypes, and visual designs.

CERTIFICATIONS

AWS Cloud Practitioner (2023 - 26)

TECHNICAL SKILLS

- Python, FastAPI, React.js, NextJS
- AWS Lambda, Azure (Functions, Keyvault)
- AWS(ECS, S3, CloudFormation, EC2, API Gateway, Cloudwatch)
- PostgreSQL
- Git, Unit testing, SonarQube
- UI/UX Design, Prototyping, Web development
- Docker, Technical Documentation

PERSONAL SKILLS

- Analytical and Problem solving
- Critical thinking
- Adaptability & Flexibility
- Excellent Communication
- Leadership, Teamwork
- Receptive to training

EDUCATION

B.Tech. (Electronics & Communication Engineering)

St. Joseph's College of Engineering and Technology, Palai
